THE 6 L'S

Becoming well-rounded The essence of a successful life

We strongly believe that there are several powerful aims of education all working together to guide the development of young people towards a balanced character. This concept shapes everything that we do at Bodwell, represented by "6 L's." Each L is an essential part of the Bodwell experience in both the academic and boarding programs. We practice and encourage well-roundedness in our students by offering a wide variety of classes, events and outings, meant to nurture the mind and body as well as to foster a sense of community and teamwork. The 6 L's are a daily reminder of our conviction that education is a lifelong journey and one of the most important pursuits of life itself.
